

GREETINGS:

I hope you had a wonderful holiday of gratitude with family and/or friends and are ready to move into a new period of growth. December is a winding road of change and challenge as we leave 2019 behind us. As many of you know, all astrologers have been mentioning a strong change event which will occur on 1/12/2020 as the planets Saturn and Pluto join together in Capricorn. After a month of eclipses beginning 12/26 and ending 1/10/20, the changing of light at the Winter Solstice on 12/21/19. For many of us 2019 was a Murphy's Law year, full of challenges and unexpected changes. As we wind down this year and move forward into 2020, a year when we can find the strength to reboot our lives, it is helpful to make a list of what we have learned in this crazy year. It is a gift to ourselves from the forces in the universe, and December is time to get grounded, realistic and mature so we can be ready for progress in 2020.

MAJOR ASTROLOGICAL PATTERNS IN DECEMBER 2019:

JUPITER LEAVES SAGITTARIUS AND ENTERS CAPRICORN:

On 12/2 Jupiter leaves its fiery home in Sagittarius, and begins a one-year residence in earthy, ambitious Capricorn. After a year of ups and downs, this 12-month pattern which occurs every 12 years, the compass is guiding us to be persevering, disciplined, mature and stay grounded, as we develop skill in practical magic. It is time to set realistic goals and remove anything and anyone who would prevent us from being where we deserve to be next December, when Jupiter moves into Aquarius to give us a taste of freedom. This is a time to pare down your obligations that no longer serve you, redefine your goals and boundaries, and conserve your energy for what really matters.

FULL MOON IN GEMINI 12/12:

All Full Moons amplify our feelings and reactions, and this is the chattiest Full Moon of 2019. If you have something to say, it will be hard to keep quiet. If you are on a fact-finding mission, this is the time to ask questions and get answers. This is also the last Full Moon of the astrological year 2019, as the new astrological year begins on 12/21 with the Winter Solstice. With relationship planet Venus joining Saturn in Capricorn the day before the Full Moon and joining Pluto in Capricorn the day after (12/13), issues need our attention are focused on relationships and financial matters. Neptune in Pisces is also strong at this Full Moon, so it is necessary to keep yourself in some form of reality till the fog passes.

JUPITER AND URANUS FORM A BALANCING TRIANGLE (12/15):

This pattern, which occurs in earth signs Capricorn and Taurus, is especially intended to bring about breakthroughs in all that matters to us physically. It is a great day to seek advice and begin a self-care program. Many of us will have a feeling of relief mid-December and have new insights into old challenges. It is also a great time to be with like-minded people who are helping kindred spirits. When we are in relationship with those whom we are divinely entangled, we are in resonance and feel balanced.

WINTER SOLSTICE 12/21):

Each year as the Sun enters Capricorn on 12/21, the days begin to lengthen as the nights shorten. This is the season of the return of the Sun that is celebrated in rituals and ceremonies welcoming the energy of light. It is a great time to create rituals of release and reclaim our true selves and acknowledge our goals

for the new year and make plans to succeed. This is a time of new beginnings where we can glimpse our future.

NEW MOON SOLAR ECLIPSE (12/26):

The New Moon in Capricorn which is joined by Jupiter begins the eclipse season with a bang. The energy of this New Moon is fortunate and brings greater stability into our lives if we are prepared for it. For those who seek improvement, this is a beacon of possibility. This New Moon is near the North and South Nodes of the Moon which offers the promise of clarity into what no longer serves us and what we need to move forward to create.

December brings the possibility of significant change and transition. We are all being guided toward a new reality and a new maturity before the paradigm shift which will occur in 2020. With all of the celebration and distraction which occur in this holiday month, I hope you can make time for yourself and take full advantage of the changes which occur. If I can help you in any way, I plan to be in the office all of December. As I have mentioned before, I have gift certificates available for you, your friends and family if you want to get more insight into yourself and your possibilities at this pivotal time of change. I believe we can enhance our possibilities as we learn to flow with grace.

WISHING YOU ABUNDANT LOVE, JOY, PROSPERITY, PERSEVERANCE AND WELLNESS,

NAN
